MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. BUSINESS ENVIRONMENT

In India, real estate is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. The Indian real estate market is expected to touch US\$ 180 billion by 2020. The housing sector alone contributes 5-6 per cent to the country's Gross Domestic Product (GDP). It is expected to contribute 13 per cent of the country's GDP by 2025.

In all India, only Bengaluru registered a healthy growth in property sales. Despite the weakness in the economy, real estate remained stable in 2019 and could revive in the years to come. Housing prices either fell or remained flat in 2019. Among the launches which were many, 61% were in the affordable housing segment.

Number of new units launched during the year were 2019: 223,325 against 2018: 182,207

The ongoing Covid19 outbreak and its impact on economy have pushed sentiment in real estate to its all-time lowest level in the quarter ended March. Both residential and commercial real estate sectors are expected to be hit in terms of launches, sales and prices.

There will be a slowdown across the industry post COVID-19 crisis. The construction industry is facing an acute working capital crisis which is essential to restart the business and keep it moving. 6. OUTLOOK

Land is a scarce resource and its availability is limited. This is making buying and owning real estate, an attractive investment strategy that can be both satisfying and lucrative. Unlike stock and bond investors, prospective real estate owners can use leverage to buy a property by paying a portion of the total cost up front, then paying off the balance, plus interest, over time. This ability to control the asset the moment papers are signed emboldens both real estate players and landlords, who can, in turn, take out second mortgages on their homes in order to make down payments on additional properties. This ensures that there is always demand for housing finance companies.

However there is disruption and gloom everywhere due to the recent COVID-19 outbreak. People by remaining indoor due to lock down were finding it difficult to make both ends meet. The problems of migrant workers is still worse. When availability of migrant workers is affected it will severely impact the construction and infrastructure activities. The lock down also affected Housing Finance Companies. Taking note of the difficulties the Government of India has initiated various steps for ensuring flow of finance to Housing and other finance companies. The Government has also announced schemes for making available property for migrant workers by using Government land using Private Public Partnership (PPP) model.

The company is also making efforts for revival of its operations and has prepared road map for restructuring of capital and re-starting of lending operations. The company also engaged advisors for restarting operations through organic / inorganic means, but the same was delayed due to prevailing uncertainty created by COVID-19 virus outbreak. The company however continues its efforts for recovery of NPA and will strive to achieve maximum recovery in the coming year.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work, and (ii) to evaluate the effect of any identified misstatements in the financial statements.

ANNEXURE 'C' TO THE INDEPENDENT AUDITOR'S REPORT DATED 11/06/2020

Report on the Internal Financial Controls under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of Ind Bank Housing Limited ("the Company") as of 31st March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directions of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that

the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

According to the information and explanations given to us, the Company has not established its internal financial control over financial reporting on criteria based on or considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Moreover, it is informed that the company is incurring expenses only for its day to day operations after obtaining approval from the Managing Director such as salary and other statutory expenses as it is engaged only in recovery of existing housing loans. Control over its financial transactions are commensurate with its level of operations.

In our opinion, the fundamental requirement of effective internal control is a process effected by people that supports the organization in several ways, enabling it to provide reasonable assurance regarding risk and to assist in the achievement of objectives. The company being smaller, less complex and have less formal documentation regarding the operation of its controls. However, we applied testing controls through inquiry combined with other procedures, such as observation of activities, inspection of less formal documentation, or performance of certain controls to provide sufficient evidence about whether the control is effective.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls systems over financial reporting.

We have considered the disclaimer reported above in determining the nature, timing and extent of audit tests applied in our audit of the standalone financial statements of the company, and the disclaimer. does not affect our opinion on the standalone financial statements of the Company.

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020.

The company is not providing any new loans. The credit period of the existing loans have already expired and the company is taking conscious efforts to recover the loans given.		
The company has chosen not to follow the Expected Credit Loss Model prescribed under Ind AS 109. The management is of the view that the trend over the past 5 years might not give a correct picture as there were no new loans given and the resultant provision will be very less. Hence, the company has provided almost 100% based on reasonability of collection (case-to-case basis) as these loans are long overdue.
